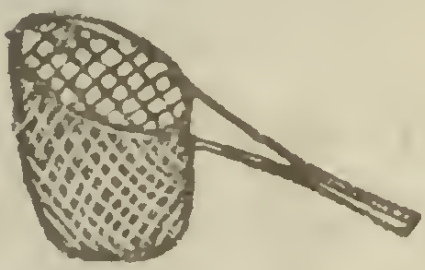
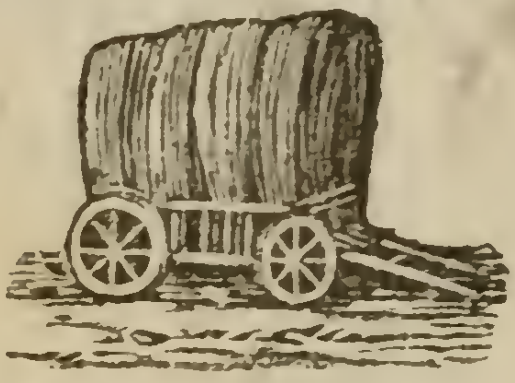
THE BOY'S
PICTURE BOOK.

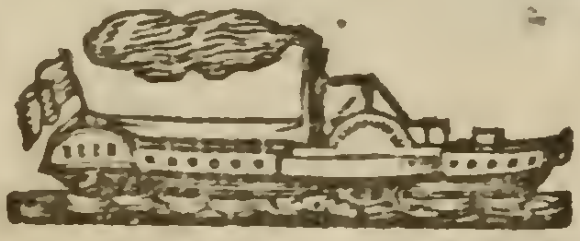


This is a **net** to catch fish. They catch a great many at one time with the net.

Here is a **fish hook.** Only one fish is caught at a time with the hook.



This is a picture of a **Wagon,** formerly used to travel to Ohio. They go very slow—only three miles in an hour.

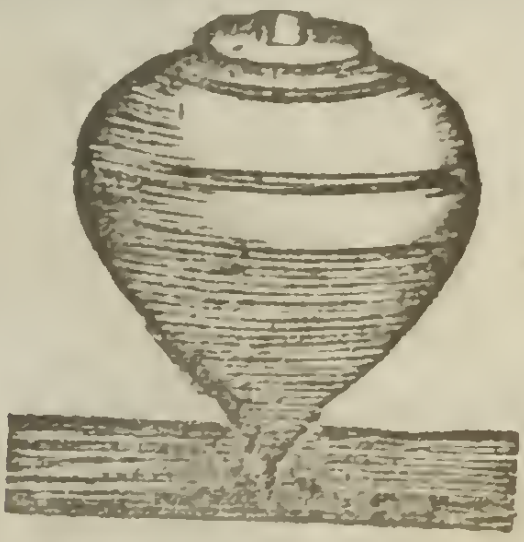


Here is a **Steamboat,** which goes much faster than a wagon. It will go twelve miles an hour. It has very handsome rooms in it.

Here is a **Railroad Car,** filled with people going twenty or thirty miles in an hour. Some of these cars will hold fifty people. You can go as far in one day in this car, as you can in twelve or fifteen days in the wagon. The locomotive is forward of the passenger car. See the smoke issue out of it! It looks very beautiful in the night to see the locomotive.

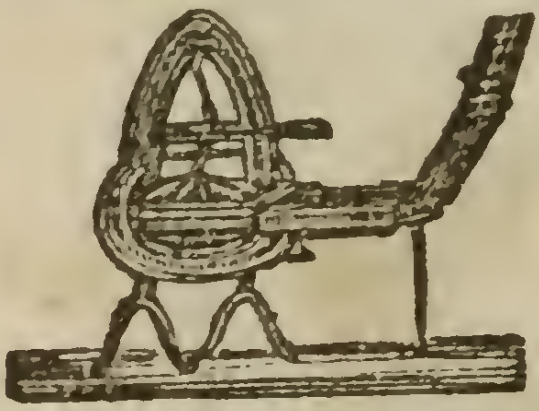
This is a **sheaf** of **wheat** ready to be carried to the barn, and thrashed. Flour is made of wheat, and cakes are made of flour. Children love to eat good warm cakes.

Did you ever see wheat growing in the fields? It then looks very beautiful. It sometimes grows 5 feet high.

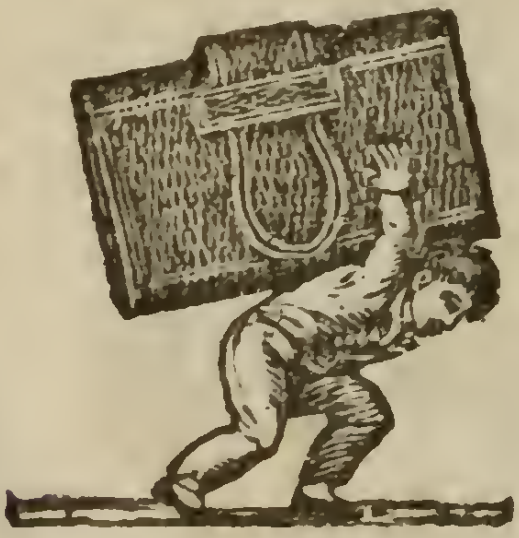


Here is a picture of a **top.** A top will spin round. Edward, please make my top spin round.

See the boy in the **boat.** He makes the boat go with an oar or paddle, which he holds in his hands.



Here is a **printing press.** By this, books and newspapers are printed.



See this **boy** carrying a pocket book. It is a great load for such a small boy.
